

# Come and Join us in the **Christmas Party** on **18<sup>th</sup> December** !

SYB has been chosen by Two Cities Gallery as the beneficiary organization of this year's Christmas party, so our young bakers are glad to invite you to come and pass a relaxing Saturday afternoon with some croissants - a festival *entrée* before your holidays back home. Plus, the three students leaving for France next month for further bakery training are going to tell you their vision of a 6-month stay in *l'Hexagone*... by their vivid drawings!

--- **Thomas Méron, SYB Project Manager**

## Words from the 3 students going to France

**WANG Li** - I feel very lucky to further my baking skills in France, to learn more about traditional French bakery in the right country! I think this is what every baker dreams of... I'm also very thankful to those who have offered me this opportunity. I will work hard, because I think this is the best way for me to express my gratitude. I'm really looking forward to the trip next month!

**ZHANG Zhenghai** – I become excited every time I think of the idea that I'm going to France, to learn more about the renowned traditional French bakery. I think that I'm well-prepared for the brand new stage of my life. I have the confidence and the determination to overcome every difficulty. I always hold the conviction that, though we cannot choose our birth, we can change the destiny.

**XIAO Jinjin** – I'm also very looking forward to our coming studies in France, but I've chosen to express my expectations through my **drawings**... Would you like to know more? Come to the party and take a look at the drawings hang in the gallery! Hope to see you there on the coming Saturday!
